

Metro Network Global Reach

Metro United States

Metro U.S was launched in 2000.

Published in New York, Boston and Philadelphia, Metro informs and entertains the city. Day after day, Metro delivers information in an attractive, concise format that fits into readers' fast-paced lifestyles via its newspaper or responsive and engaging website.

Every morning in over 150 major cities across the world, Metroropolitans take to the streets, buses and trains on their daily commute. They are young, trend-setters with healthy media appetites. With unbiased views, engaging features, Metro has become the preferred source of morning news for this sought after audience.
